WHO WE ARE

Landscape Nova Scotia is a registered non-profit organization with almost 200 active members.

Our members include landscape contractors, retail garden centres, landscape designers, irrigation specialists, wholesale nursery growers, lawn care companies, nursery sod producers, trade suppliers, municipal/institutional grounds managers, as well as industry specialists.

We have been a voice for the landscape and horticultural industry for over 40-years in Nova Scotia and are committed to providing consumers with options to make informed decisions. We strive to increase our awareness with the public.

Nova Scotia's unique landscape is one of the most powerful factors in attracting both visitors and new residents to our province.

Landscape Nova Scotia has a simple goal, to help Nova Scotians keep the landscape around them beautiful, functional and sustainable. Nature provides some stunning raw materials. Technology has created others. Diverse, sustainable landscapes; urban forest; community greenspace - all are integral to a healthy and thriving community.

Landscape Nova Scotia works to encourage, protect and promote "the green, the blue and the view!"
